

Self-Guided Program for Daisies

LUPE'S STORY - Honest and Fair

3 steps to earn this petal:

TIPS to help you prepare for and enjoy your visit:

1. We are an ever-changing museum, so please download this document onto a tablet or print on the day of your visit.
2. You may visit as a family, small group, or troop. We require at least one adult chaperone for every 10 children. Every guest must pay regular admission (\$9.50) or show membership card; however, if you have 20+ guests paying in one transaction, you must contact our reservation specialist at least two weeks in advance to secure the group rate (\$6.00):
reservations@amazeum.org or 479-268-4542
3. Since the Amazeum is an energetic environment, we recommend leaders save any required group discussion for after your visit (see last page for suggestions)
4. Please wear your scout uniform so the Amazeum team knows you are a Daisy Girl Scout.
5. As you earn your "Lupe's Story" petal in the exhibits today, please remember that other museum guests are exploring and playing too!

1. **Before your visit, read "Lupe's Story"** (handbook) and discuss the written questions at the end.
2. **In the Amazeum, act out Lupe's story** at the Colored Shadows exhibit (*in the cubby hallway across from the Hershey's Lab*).
 - a) Practice making the different flower friends using your hands (see images on next page)!
 - b) Now find the flower cart around the corner in front of the Market exhibit for more shadow-fun (see images on next page)!
 - a) Take turn, play fairly, and get theatrical!

3. Let's practice honesty and fairness

Take turns choosing which exhibit to visit next.

OR: If your troop wants to bring a snack to eat outside in the pavilion, make sure to bring enough for everyone to share your favorite snack!

OR: If it's nice outside, play one of your troop's favorite games. Make sure to talk about the rules before you begin and ensure that everyone is honest and fair as they play!

FINISHING THE DAY:

But wait! Lupe's story doesn't have to end there. As your troop explores the museum, look for ways to put what you've learned into action. Take turns being the cashier in the market and the shoppers. Let's be fair to others who want to play by putting things away. Another fun place to explore is the cabin—can you find ways to be honest and fair?

Characters: Lupe, Gerri, Clover, Tula, Rosie & Pigeons

Practice making the different flower friends with your hands:

Now find the flower cart around the corner in front of the Market exhibit for more shadow-fun:
