

Unfield Trip Resources  
Amazeum AIR  
(Amaze, Investigate, Relate)  
Frequently Asked Questions

**Q: What is Amazeum AIR?**

**A:** Amazeum AIR is for **students** in 4<sup>th</sup>, 5<sup>th</sup>, and 6<sup>th</sup> grade to dive deeper into a few galleries by inciting **amazement** with the exhibits, **investigating** discoveries with a digital tablet, and **relating** the experience back to the classroom or home.

**Q: What does AIR mean?**

**A:** AIR describes the process of learning that the Amazeum encourages during an Unfield Trip: be **amazed** by an experience at the Amazeum, **investigate** it at the Amazeum and on your own, and then **relate** what you discovered to your life and learning.

**Q: How does it work?**

**A:** When you register for your Unfield Trip, you have the option to reserve Amazeum AIR (4<sup>th</sup>-6<sup>th</sup> grade only). When you arrive, you will have access to 20 digital tablets. An Amazeum team member will get you started in a gallery, and then explore the museum at your own pace. This is not a guided tour.

1. Hand the digital tablet to a student to record the experience with pictures and videos.
2. Use the Amazeum AIR Guide on the back of your tablet to prompt students if needed.
3. When leaving the gallery, collect the tablet so it can be given to another student in the next gallery.
4. Near the end of your visit, an Amazeum team member will collect your digital table to upload your pictures and videos to Dropbox.

**Q: When do I use Amazeum AIR?**

**A:** Use Amazeum AIR during your Unfield Trip. Near the end of your visit, an Amazeum team member will pick up your tablet to compile your pictures and videos for a Dropbox link.

**Q: Where does it happen?**

**A:** You can start the process in your classroom before your Unfield Trip by downloading the Amazeum AIR guide and preparing your students to record their experience. Use what you discover back in your classroom with the Amazeum AIR Post Activity.

**Q: What if I don't reserve Amazeum AIR?**

**A:** You still have access to the Amazeum AIR! You can download and print the Amazeum AIR guide. You are welcome to bring your own devices to document your experience. If you do not reserve Amazeum AIR, you will not have access to the Amazeum's digital tablets.

**Q: Anything else?**

**A:** Amazeum AIR is a way for older students to further engage with the exhibits in the Amazeum and then use that documentation to drive further learning back in the classroom. Use the Amazeum to kick off, support, or bring together a project you are already doing or plan to do in your classroom. Use Amazeum AIR in a way that best fits your students.

**Amaze: Take pictures and videos of exhibits that...**

1. You see and notice
2. Give you new ideas
3. Make you wonder
4. Make you want to be an expert
5. Make you ask questions

TIP: Also, take pictures of **students** next to the exhibits that they identify with these prompts.
