**Explore the Amazeum remembering the 4 Key Points:**

1. **Stay-Together, Play-Together**: Teachers will divide their students into smaller chaperone groups. Chaperones **must supervise their small groups at all times**.
2. **Gentle Touch**: This is a hands-on museum where we encourage as much interaction with our exhibits as possible. We ask that you **use a gentle touch** on exhibits and to **share with other guests**. Also, remember to use walking feet throughout the museum.
3. **Look for Us**: Please ask Amazeum team members to help deepen your experience. **This is not a guided tour**. We will have team members lead you in to start you off, but from there you are free to move at your own pace.
4. **Certain Areas Are Unavailable**: The Hershey's Lab Workshop is only available with a reservation before your Unfield Trip; There are clearly marked early learner spaces (inside and outside) that are just for families.
