

In order to save time while at the Amazeum, please use the sheet provided to divide your students into smaller adult groups before your visit. Color-coded nametags, t-shirts, bandanas, and other labeling systems can help in this process, allowing a better flow of communication between adults, students and Amazeum team members.

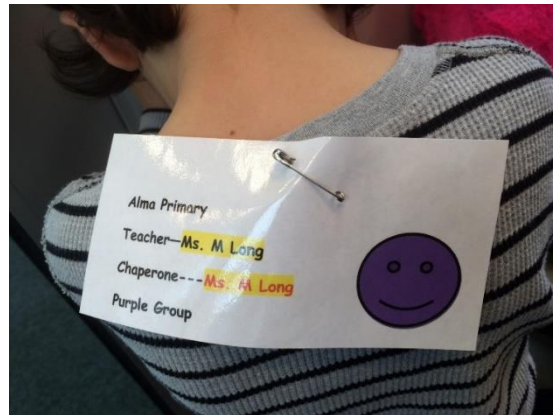

The Amazeum requires a ratio of **1 adult per 5 children** for **Kindergarten** and **younger** visits. Adults are required to be 18 years and older. Adults are parents or school staff members such as teachers.
