

Unfield Trip Resource Traveling Exhibition Schedule

Tape & Tunnels

June 2, 2018-end September 2018 (approximate dates)

Tape & Tunnels is a whimsical space built of repurposed and recycled materials. The iconic structure of the exhibit is the translucent tape tunnel that encourages guests to climb, crawl and explore while supported only by interwoven layers of packing tape. The do-it-yourself environment inspires artistic expression, thoughtful problem-solving and active learning. Tape & Tunnels uses ordinary materials to create extraordinary things! Tape & Tunnels is made possible by Discovery Network and Oklahoma Museum Network.

Curious Contraptions

June 2, 2018-September 3, 2018 (approximate dates)

Curious Contraptions is an exhibition of witty, beautifully handcrafted automata displayed alongside hands-on exhibits that show the basic mechanisms involved in making the automata work. Guests are exposed to hands-on practical experimenting, seeing what works and what does not, and learning about the physical world through that process. Curious Contraptions is a temporary exhibition created by the Cabaret Mechanical Theatre Company (CMT) in London, England. [Exhibit guide available.](#)

Magnificent Me

November 2018-March 2019 (approximate dates)

Our bodies are marvelous machines! Magnificent Me uses interactive exhibits to explore the blood, guts, bones, brains, senses, and mechanics that make us - us! The exhibit explores our muscles and bones, heart and lungs, digestive system, brain and nerves, and body basics. Come pump a heart, stretch your intestines, fool your senses, make your skeleton dance, and more. Magnificent Me was conceptualized by the Discovery Network.

Eat Well, Play Well

November 2018-January 2019 (approximate dates)

What is in the food we eat? Are fruits and vegetables important? Can everyday activities burn calories? Families, children and school groups will find the answers to these questions by exploring nutrition and fitness in Eat Well, Play Well. This interactive exhibit encourages healthy living by teaching the science of making healthy food choices and helping children and adults discover that there are many fun and interesting ways to stay active. Eat Well, Play Well was created by Oregon Museum of Science and Industry and is made possible by the Discovery Network. [Educator guide available.](#)
