

Scott Family AMAZEUM UNFIELD TRIPS

6th Grade Unfield Trip Guide

Scott Family Amazeum Unfield Trips made possible by a grant from the Walmart Foundation.

Before:

1. Schedule your Unfield Trip using our Onsite Unfield Trip Reservations Form or with an Amazeum Representative at reservations@amazeum.org. You can reserve a Tinkering Workshop at this time. You will receive a **confirmation email** from Amazeum Reservations.
2. Schedule transportation.
3. Review Resources:
    a. Use Pre-Visit Activities in your classroom.
    b. Watch the Unfield Trip video.
    c. Connect with our Unfield Trip Coordinator, Bailey Belanger, at bbelanger@amazeum.org to help you develop educational goals.
4. Connect with parents using the Amazeum Parent Letter.
5. Organize students into **chaperoned groups** (1:5 Kindergarten and below, 1:10 1st grade and above) with the Grouping Planner.
6. Identify a lead teacher for your Unfield Trip; upon arrival, the Amazeum will need a **head count of total adults, a headcount of total students**, and any payment for students and adults in one transaction.

Scott Family AMAZEUM

Arrival:

1. Your bus will pull up on the side of the Amazeum next to the large metal bird sculpture, Maude the Mockingbird, to unload and pick up students. After you have unloaded, bus drivers can park the bus at the nearby **Orchards Park**.
2. **Stay on the bus;** an Amazeum team member will greet you. **The students will stay on the bus while adults have an orientation**. If needed, 1-2 adults can stay on the bus to watch the students.
3. Adult Orientation: an Amazeum team member will explain the **4 key points**, discuss the agenda, assign a departure spot, and designate adults to share the 4 key points with students on the bus.
4. The lead teacher will check in at admissions with the Unfield Trip Lead and will give payment, if needed.
5. Students will hear the 4 key points on the bus from an adult, unload, and **get into chaperoned small groups outside.**
6. Discuss departure time with your bus drivers.
7. The Amazeum team will direct you inside, pair each small group with an Amazeum team member, and each group will be taken to an exhibit area to begin your Unfield Trip!

4 Key Points:

- **Stay Together, Play Together**

  Please stay with your small group at **all times.**

- **Gentle Touch**

  The Amazeum is a hands-on museum where we encourage as much interaction with our exhibits as possible. Please remember to use a gentle touch on exhibits and to share with other guests.

- **Look For Us**

  Please ask Amazeum team members to help deepen your experience. **This is not a guided tour**. We will have team members lead you in to begin, but from there you are free to move at your own pace.

- **Certain Areas Are Unavailable**

  There are clearly marked early learner spaces that are just for families.

Art Studio Lightscape

Special Exhibit Gallery

Weather and Nature

Walmart Market

Homestead Cabin and Farm

Cave and Canopy Climber

Outdoor Playscape

Water Amazements

Nickelodeon PlayLab

Lift, Load and Ha

Tips for Unfield Trip Flow

- This is a **suggestion** for the flow of your visit. This is not a guided tour.
- There is **no time limit** for each gallery. Move to the next gallery when your group is ready.
- **The Market and Materials Lab** have a limited capacity. Plan accordingly and please be mindful of other students who may want to play in these areas.

Studio Grow and the Toddler Spaces are reserved for our Early Learners. Please encourage learners to visit our other exciting exhibits!

Departure

- Meet at the assigned departure site (assigned during adult orientation).
- An Amazeum team member will guide you to your buses.

After

- Use the Post-Visit Activities in your classroom; lead a discussion about the trip.
- Postcard reflections: You will receive a letter, postcards, and a return envelope from the Amazeum to reflect on your Unfield Trip; send them back to us so that we can continue to improve!

Note: If you reserve an Unfield Trip for a late spring date, postcards may be unavailable.

Pre/Post-Visit Activities

- **Ice Tray Battery**
  - Create your own battery using vinegar, copper wire, galvanized nails, and an ice tray.
- **Birds We Know**
  - Explores and expands student knowledge of bird characteristics through group conversations, book read alouds, and art.
- **Thunder**
  - Simulates how thunder is created and why you hear a loud bang.
- **Bird Beaks**
  - Hands-on demonstrations of different bird beaks and the differences between them for the foods they eat.
